

### SPECIALTY JUDGE: DAVID R. MILLER

It came as quite a surprise to me when I received a telephone call requesting that I fill in for a judge to judge the Canadian National Saluki Specialty. Much to my pleasure, I was indeed available and made the trip to Canada. While crossing the border and being closely questioned by the Canadian officials, I was made to pull over and pass through immigration. It seems that they felt I may be taking away gainful employment from a Canadian citizen. After an hour of dialogue, the problem was sorted out and they allowed me to pass into Canadian territory; however, there were moments where I thought this would never happen.

I would like to take the time to thank the club for having thought about me to judge this important specialty. It has been many years since I have been actively involved with showing and breeding Salukis. I currently have one old fellow at home, over 14 years of age. But I still am enamoured with the breed, and even after over 35 years in the breed, I still remain an avid student.

Judging any specialty is never an easy task, nor is it a task that should be taken lightly. I have been fortunate in my judging career to judge in many countries as well as in many judging systems, which require critiques. Therefore, you will read my critiques on all the dogs presented to me. Please remember, these are observations made on the moment. They are my interpretation of the standard. In particular, they are my observations based upon my ex-

perience with the breed from my perspectives garnered throughout the world. And these critiques are offered with no harm intended, nor any glaring personal agenda attached. They are just what I saw and interpreted in the short length of time I had to make them.

We, in North America, are not accustomed to having critiques on all our dogs. Many times we shy away from critiques since any sort of comment upon a specimen is sometimes difficult to digest, or ammunition for others to misconstrue. You must all remember that I have agreed to share my comments with you in good faith as I see the breed. I have tried to give positive points on the specimen presented as well as points in which I would prefer would be better.

Terms that are not typically used by North Americans have been voiced in the critiques. The term "Orientalism" has nothing to do with the Orient (the Far East), as it is commonly associated. It is a movement in art and philosophy, a mind concept born in the mid-nineteenth century, during the time of the first imports into England. This is a term the old English breeders employed and utilized while speaking to North African and Middle Eastern hounds.

PHOTOS: PATTY MILTON

And, it is a term from which we have strayed. Orientalism within our breed can be seen in expression. Please look at pictures of Arab women and notice the contour of the eye; it may be shocking to some that the Saluki will mirror the shape/contour of that very eye – orientalism in action. Round eyes in the breed detract from type and destroy

expression. Even though the standard does not mention this term, the intent of the original importers of this breed out of the Arab world and the development of the breed in the countries of origin would value the distinction of the orientalist perspective. My travels to the countries of origin have only served to reinforce this notion and perspective.

The one perspective I would like to share with all is the importance for the Saluki to be moderate, balanced and symmetrical within its moderation. This is indeed an important recipe for this breed. Since, when we observe exaggerations within the breed, type is always sacrificed. Then, we begin to wonder if it is truly the breed we are destined to preserve.

—David Miller

## 12-18 Month Dog

### 1st FARIDAAT GORDHAN-JI OF OÜR

09/07/2010. Breeders: Christina Collignon & Shelley Work, by Karnak Reigns Barakah ex Faridaat Eo Xena. Elsewhere. Owner: Johnny Krzysztof Mroz. Agent: Alison Preiss.

*Nice silhouette. Very masculine head. Good profile. Good pigment, nice oriental eye. Correct bite. Would prefer to see more front fill in the chest. Good topline. Adequate feet. Good length of tail. Good going, good coming. Adequate lateral side movement. I would prefer to see a little bit more angulated upper arm.*

## Bred by Exhibitor Dog

### 1st SANDSTORM CHOCOLATE TEMPTATION

24/04/2010. Breeders: Kathleen Morton; Larry & Sandra Gahan, by Ch. Odi Et Amo True Colours Ellessar ex Ch. Sandstorm Rainbow Connection. Elsewhere. Owner: Kathleen M. Morton.

*Chocolate smooth. Nice proportions. Nice moderate angulation front and rear. Very nice neck going into shoulders. Good expression. Nice topline. Good feet. Good pigment. Nice oriental eye. Eye blends in quite nicely with the coat colour being a chocolate. Good length of tail. Would prefer to see the underjaw more developed. Good going, good coming. Very nice balanced lateral side movement: This results when you have correct angulation front and rear. Would prefer to see the chest a little wider, but he's working with everything he has and it presents a very nice picture.*

### 2nd SANDCHRIS IN THE SPOTLIGHT

24/04/2010. Breeders: Kathleen Morton; Sandra & Larry Gahan, by Ch. Odi Et Amo True Colours Ellessar ex Ch. Sandstorm Rainbow Connection. Elsewhere. Owners: Sandra & Lawrence Gahan.

*Particolour. Nice type. Good profile. A bit straight in front. A Saluki of nice size. Nice feet. Feathering between the toes, which is something that is disappearing from the breed. Would prefer to see the front chest area more developed. Good slightly arched muscling of the topline. Good rear angula-*

tion. Again, would like to see much more front angulation on this specimen to compensate for the rear angulation in movement. Good going. Coming at you he elbows out a bit. Would like to see much more reach on the lateral movement.

**abs FREESPIRIT'S AS YOU LIKE IT**

**Open Dog**

**1st WINDSTORM VLADAMIR ICO**

26/06/2009. Breeders: R. & S. White and T. & A. Foley, by Kiabe Qariban ex GCh. Windstorm Ruffled One, CGN. Canada. Owner: Sandra Meret. Agent: Alison Preiss.

Nice size. Nicely fringed. Feathering between the toes is apparent. Nice angulated upper arm. Would prefer to see the topline a bit more firm in profile. Very nice length of neck going into the shoulders in this specimen. He has adequate angulation front and rear. Topline appears correct when he is presented correctly. Good pigment. Good eye colour. Good going. Does tend to be close in the rear. Good coming at you. Brisket is nicely dropped. Adequate lateral side movement. Would prefer the tail carriage lower on this particular subject, but not too problematic because it's not over the back.

**2nd ISSIBAA'S GALLANT GENTLEMAN**

04/07/2007. Breeders: Sharon & Jim Kinney, by Springmeadow Jack Frost ex Issibaa's Crispee Cream. Elsewhere. Owners: Lynda & Mike Walzl, and Sharon Kinney.

Nice-sized smooth black-and-tan male. Very nice outline. Good proportions. Nice in profile. Straight upper arm. Good pigment. Correct bite. He has good feet on him. Good bend of pasterns. His head is rather interesting. Very nice underjaw. Good going away from you. Very nice and clean coming at you. Adequate lateral side movement. Would prefer to see more reach due to straighter upper arm, but the lateral side movement is very fluid.

**3rd WINDSTORM SANDCHRIS THEATRICS**

29/01/2007. Breeders: Randy White & Starr M. White, by Ch. Windstorm A Sandchris Rhapsody ex

Ch. Padtheway Windstorm Nova. Canada. Owner: Sandra Gahan and Virginia & Jean Jones.

*Good size. Good topline. A bit straight in front. Good rear angulation. Nice in profile. Nice feathering between the toes and on the back of the legs. Would prefer to see more fill in the front. Good pigment. This subject tends not to like the ring very well for some reason today. Good going away from you. Moves rather wide in the front coming at you; the result of not having adequate fill in the front. Nice topline on this particular specimen.*

16/10/2003. Breeder: Kathleen M. Morton, by Ch. Windstorm A Sandchris Rhapsody ex Ch. Windstorm Lucky Premonition. Elsewhere. Owner: Virginia Jones.

*Nice profile. Old-style silhouette. Adequate length of brisket. Good angulation in the front; a little over-angulated for me in the rear. Good width of front. Good feet. Nice overall profile. Good length of neck. Very, very beautiful masculine-headed subject. Good going. Very nice coming at you. Very nice lateral side*

*movement. The only thing I would change on this specimen would be to shorten him up in the rear.*

**2nd EDEN'S SULTAN OF KHAZIB**

02/06/2002. Breeders: D. Bumbaugh & J. Butler, by Ch. Tamarisk A'arif Al Rataki, Sm ex Eden's Gift Of Myrrh. Elsewhere. Owners: Celeste Johnson, D. Bumbaugh & J. Butler.

*Black smooth. Rather square in profile. Balanced in front and rear, but would prefer to see more pronounced angulation overall. From head on, very nice ear set above the eye. Good pigment. Good oriental eye. Nice topline. Good angulation in the rear. Nice depth of brisket. Good length of tail. Croup is a bit steep. Good going away. Very nice coming at you. Good lateral side movement. Would prefer to see a little bit more propulsion from the rear.*

## 10 Years & Over Veteran Dog

### 1st CH. KHAM SIN'S MIK-AN'S JACQUES

05/06/1999. Breeders: Susan & John Konopa, by Sedeki Fez ex Ch. Windstorm Mieko An Khamsin. Elsewhere. Owners: Susan & John Konopa.

*Cream male of nice proportion. Good angulation front and rear. Nothing really exaggerated about this particular dog. Topline is suffering a little bit from age, but very nice. Good length of brisket. Good length of neck going into shoulders. Good pigment. Good oriental eye. Good feet. Nice feathering on the back of the legs. Good depth of brisket. Good length of body. Good length of tail. Abundant feathering on the tail as well. Good going. Good coming at you; tends to elbow just very slightly. Very nice adequate lateral side movement for this subject's age.*

### 2nd PHOENIX FARMS' KHALED AL-EID

14/06/1996. Breeders: C. & C. Timmons; F. Craft; L.

Coman, by Jen Araby Arazi ex Halima Of Ophir. Elsewhere. Owner: Marilyn E. Semph.

*Red. Very nice sized male. Nice length of neck. Posting a little bit in the ring, which makes his topline a little off centre. Good width of front. Good pigment at his age. Nice head. Good ear placement. Nice proportion. Nice depth of brisket. Good length of tail. Adequate feathering on the tail. Moves a little bit hocky going away from you. Moves a little bit wide coming at you. However, this subject is 15 years old, and you have to leave the latitude for him being this age. Very nice adequate side movement. Places his feet down a little hard onto the ground because they are a little bit flat now at this particular age.*

## Junior Puppy Bitch

### 1st BAGHDAD CONSTANT COMMENT

13/01/2011. Breeder: Paula Bockman Chato, by Baghdad Arabian Night ex Baghdad Arabian Princess. Elsewhere. Owner: Ellen Hoscheit.

*Nice small petite red. Nice expression. Beautiful eye. Good pigment. Very nicely proportioned at this stage of the game. Nice topline. Nice length of neck. Would prefer to see a little bit more pronounced angulation in the front, with the shoulder blade and upper arm forming more of an angle. Good angulation in the rear. Good topline. Good going away from you. Very nice coming at you. Very nice adequate side movement. Very pretty petite subject all around.*

### Bred by Exhibitor Bitch

**1st Z'BEES FREESPIRITS FRENCH KISS**

15/03/2009. Breeders: Deric Aube & Mary B. White, by Z'Bee's Prestigious Presto ex Ch. Canapus Anastasia. Elsewhere. Owners: Mary B. White & Richard Worden.

*Nice proportion. Beautiful topline. Nice neck going into shoulders. Nicely pigmented head. Good shape of eye. Nice eye colour. Balanced front and rear. Would prefer to see just a little bit more pronounced angulation in the front, but this specimen spells moderate. Good going away from you. Good coming back at you. Wants to elbow just a little bit and needs just slightly more fill in the front area. Adequate lateral side movement. Very Saluki-esque in style.*

**2nd SANDSTORM CHOCOLATE OBSESSION**

24/04/2010. Breeder: Kathleen Morton; Larry & San-

dra Gahan, by Ch. Odi Et Amo True Colours Elessar ex Ch. Sandstorm Rainbow Connection. Elsewhere. Owner: Kathleen M. Morton.

*Brown smooth bitch. Nice proportion. Nice topline. Good profile. Would prefer to see more pronounced angulation in the front. This particular subject has a substantial head. Good head planes. Would prefer to see the front more developed: a bit pinched at this stage of the game. Good length of tail. Nice brisket. Good going away from you. Coming at you, moves a little bit close: due to the fact that it needs to have more development in the front and chest. Adequate lateral side movement; would however prefer to see more reach. The rear is propelling adequately but doesn't have the adequate angulation in front to compliment the drive from the rear.*

### Open Bitch

**1st MONAB BEING NOTORIOUS**

02/11/2008. Breeder: Sueann Pietros, by Monab Neptune ex Monab Timacua Al Ruwach. Elsewhere. Owners: Michelle Hawthorne & Sueann Pietros.

*Nice type. Nice proportion. Front assembly just a little bit straight. Good topline. Very nicely headed bitch. Nice configuration of the eye. Good pigment. Good planes of the head. Nice underjaw. Nice feathering of the feet. Good length of tail. Good length of neck. Very, very Saluki-esque head. Moves a little close away from you in the rear. Very nice coming at you. Good adequate lateral side movement. Very nice specimen.*

**2nd Z'BEE'S FREESPIRIT ZIVA AT ZRKIA**

15/03/2009. Breeders: Deric Aube & Mary White, by Z'Bee's Prestigious Presto ex Ch. Canapus Anastasia. Elsewhere. Owners: Valerie Bauer & Deric Aube.

*Red Saluki bitch. Nice topline. Good depth of chest. Nice in profile. Slim waisted. Slim through the loin. Nicely angulated front and rear. Balanced angulation. Very, very Saluki-esque head on this particular specimen. Good eye colour. Good pigment. Would prefer to see a little bit more width in chest and a little bit more drop in chest from the front. From the side, the drop in chest is adequate. Good angulation. Front and rear matches on this particular subject. She has good proportions. Moves away from you a little bit close. Nice coming at you. Tends to elbow out just a little bit. Good lateral side movement. Nice propulsion from the rear.*

**3rd TAZI BIANNAH**

29/06/2009. Breeders: Mary Dee Sist, D.V.M. & Nan-

cy Badra, by Ch. Aspen's Triple Trouble, CD ex Ch. Scenario Karb Et Tazi. Elsewhere. Owner: Celeste Johnson.

*Very nice profile. Very nice size bitch. Very nice topline. Good length of neck. Nice width in front. Would prefer to see the chest more dropped. Very nice styled head. Good eye configuration. Nice pigment. Adequate angulation front and back on this particular subject. Very Saluki-esque head. Good going away from you. Very nice coming towards you. Very lively, animated moving down and back. Very nice lateral side movement. This particular specimen is very light on its feet. Would prefer the tail be carried down a little bit lower, but very nice ground-covering movement.*

**4th JAAMI'TAA'HIRAH ARAM AL ASMAANII**

26/09/2006. Breeder: Maria-Teresa Alcantara, by Ganesh Ibn' Jala Al Asmaanii ex Aspen's Double O Seven. Elsewhere. Owner: Branka Bradic.

*Particolour bitch of nice size. Rather balanced front and rear in angulation. Nice topline. Would prefer to see a little bit longer neck. Nice width of chest. Good pigment. Correct eye. Nice eye colour. Very interesting style and type of Saluki bitch. Nice drop of the brisket. Good length of tail. Good fringing on the tail as well. Moves a little close going away from you. Moves adequately coming towards you. Just toes out slightly east and west. Nice adequate*

*lateral side movement. On the side she looks just a little long in body.*

11/11/1999. Breeders: M. Hathorn, D. Chiochetti & S. Conrad, by Ch. Jataras Touch Of Suede ex Ch. Sedgefield's Strumpet. Elsewhere. Owner: Michelle Hawthorne.

*Silver grizzle bitch. Very nice old lady with very nice balanced side movement. Balanced angulation front and rear. Nice topline. Good neck going into shoulders. Nicely headed; good ear placement. Nice drop of brisket. Very nice topline at this age. Nice fringe on tail and on legs as well. Good pigment for the age. Nice eye configuration. Good eye colour. Good going away from you. Adequate coming towards you. Elbows out a little bit, but at this age she can elbow out as much as she wants. Very nice lateral side movement. Very nice, quality bitch.*
