

The Canadian Saluki Annual

the Year in Review 2016

WEB EDITION

The Canadian Saluki Annual 2016

The purpose of the Canadian Saluki Annual is to keep an archival record of the Saluki in Canada and to foster cohesiveness in the Canadian Saluki community. We reserve the right to withhold any item or article, which in our opinion would reflect badly on the breed or any individual/group. Also, please note, the opinions expressed within these pages are not necessarily ours. Contact Cathie Hays for permission to reprint any part of this magazine.

It is our intention to publish the Canadian Saluki Annual yearly. The scope of the magazine will include:

- All Saluki specialty shows in Canada for that year, including critiques and photos if available.
- Top 10 Salukis in Canada for all CKC events – conformation, lure coursing, rally, obedience, agility, etc..
- New title holders.
- New litters.
- There may be one or two articles. Submission of photos and articles for publication is always welcome.

Who may participate (take one or two pages in the magazine)

- All, who live in Canada, or are Canadian and also own a Saluki.
- Anyone who owns a Canadian born Saluki but does not live in Canada.
- Anyone who exhibited a Saluki in a CKC event in the calendar year of the issue and wishes to advertise that win.

Pages in the magazine

- Space for each person will be limited to no more than two pages.
- There is no charge for pages.
- All pages will be colour.
- Finished pages must be sent in the following format – **press pdfs**, with all photos CMYK, set at 100% and 300 ppi. Page size is 7.5 x 10.5 inches. In your ad, please include the registered name(s) of your Saluki(s) and your contact information.
- For those requiring layout, please send text, basic layout and photos (high resolution jpegs) to me, Cathie Hays, salukiannualinfo@gmail.com. In your ad, please include the registered name(s) of your Saluki(s) and your contact information. There will be no charge for layout.

I am deeply indebted to Gerry Steers, who has done the lion's share of the ads in this magazine; also to Robbie Pattison for editing and an article, Patty Milton for the statistics and tracking down CKC information, and Roberta Parish for submitting an article. Thank you for all the hours of work which you devoted to this project. Without you, it would have been a monumental task.

Cathie Hays, salukiannualinfo@gmail.com

Best of Breed judging. Best of Breed prizes - including a Back on Track coat modelled by specialty winner Samwise.

Ring steward Carole Adley and show chair Debby Dillman, with judge Peter Yardley behind.

Saluki Club of Canada NATIONAL SPECIALTY

3 SEPTEMBER 2016

HELD AT TOURNAMENT CAPITAL RANCH,
KAMLOOPS, BC

Carole Adley, Ring Steward with judge Peter Yardley

The day dawned overcast with a forecast threatening rain. However for most of the day it was dry, until the end when the heavens opened and we retreated under the small tented area, causing confusion for the last of the classes.

First of all, I would like to thank the Club for inviting me to judge and the help of the organizers, in particular Carole Adley, for helping me navigate the various North American classes, which I find confusing.

It is refreshing to go and judge the breed when you know nothing about the hounds and people and you can concentrate just on what you see and handle. I am an advocate of natural handling with the hound shown on a loose lead, standing naturally, not held up in the stack, and run at their natural

unforced pace. The buzz word for UK Kennel Club is 'Fit of Purpose', and having been an ardent open field coursing enthusiast this is basically what I was looking for, a balanced fit hound that would be capable of doing a good day's work in the field.

One thing that seems to be creeping into the breed worldwide is the more upright or straight front and I think this is detrimental to the function of the breed in its ability as a coursing breed. They need to have the ability to compress the whole front leg assembly to absorb shock and to turn at the flat out gallop, so there needs to be a degree of angulation between the leg, upper arm and the shoulder blade. Many were also too upright on their pasterns.

It was nice to see so many smooths representing the breed.

As an aside, there are three things about showing I would like to comment on: the pirouette, baiting and teeth.

I learnt my ring craft when I was living in Edmonton and one of the elements that was emphasised was that the handler should never come between the judge and the hound. When you are asked to run a triangle you go away to one corner of the ring, across the top of the ring and then back to the judge, all in one continuous flowing movement so that the judge can properly judge the quality of the movement.

Baiting in the ring is a distraction not only for the hound but the judge as well. You should have trained your hound to stand and move without a piece of chicken flapping around under its nose. In one case the baiting was so overt that I could not go over the hound in any meaningful manner.

Teeth should be clean and free of tartar; it is all part of presentation and there were one or two that were bad.

Peter Yardley, Judge

SWEEPSTAKES - JUDGE: CATHIE HAYS

Sweeps judge, Cathie Hays

YOUTH SWEEPSTAKES

JUNIOR PUPPY BITCH

1st : 206 KUSHIEL'S FREESPIRIT REIGN OF FIRE

Owners: Erika Parton, Brittany Parton, Garrison Rose and Michelle Parton

This pretty young puppy exudes type for me. All parts flow together and are balanced. She is true coming and going with a light reaching but not overdone gait. I especially appreciated her strong croup and second thigh, the driving force in a running hound, and thus gave her Best in Puppy Sweeps and Best in Breeders Sweeps.

12-18 MONTH BITCH

1st : 207 CANAPUS IMPERIA

Owner: Jones Kathleen

Another pretty girl that shows her type and breeding. True coming and going with correct side gait. I preferred the set-down front assembly and slightly stronger rear assembly of the younger bitch.

BEST IN SWEEPS: Kushiel's Freespirit Reign Of Fire

VETERAN SWEEPSTAKES

7-10 YEARS VETERAN DOG

1st : 204 DADAEELIS BZANTIUM KOKKINOS PETHI

Owners: Kathleen Jones, Marilyn Brown and Kathleen Jones

This smooth fellow fits well into my picture of moderate, balanced with all parts flowing together. He moved with ease and exhibited a flowing, easy gait. He was also well conditioned and appeared athletic, as Salukis should. Thus he was award Best in Veteran Sweepstakes.

2nd: 205 DADAEELIS T'CAI JUUSO WUSHK SAMR

Owner: Deborah Dillman

Another smooth fellow who unfortunately was difficult to judge due to his appetite! Thus he lacked condition. He was true coming and going as was his side gait. Considering if he were in condition, I still prefer the tighter body frame, and leg to body ratio of 204.

abs: 214 CH. AULDSTANE CUNOBELIN

Owner: Janet L. Buchanan

7-10 YEARS VETERAN BITCH

1st: 213 CH. IROKI ZARKAVA, FCH.

Owner: Roberta Pattison

This veteran girl was in better condition than 218. She is moderate, but could use a less open angle in her front assembly. She was very unhappy with the wet grass and did not use her front as effectively as she could, which in turn shortened and impaired her gait.

10 YEARS AND OVER VETERAN BITCH

2nd: 212 IROKI SUZANNE

Owner: Roberta Pattison

Although showing glimpses of a very pretty type, this little girl was underweight, and unhappy with the whole show scene. Her gait was also wide behind, which may be attributed to the roach in her loin.

1st: 218 GCH. HILLSIDE'S ALABAMA OF LIGHTSPEED

Owners: Susan and Donald Mitchell

This veteran girl presents a pleasing strong outline and type, well set-down shoulders, good croup, although somewhat overdone in the rear assembly. I prefer a shorter tibia/ fibula and thus less angulation as exhibited by 213. She presented herself well and showed with a flowing side gait, which won her BoS in Veteran Sweepstakes.

BEST IN SWEEPS: Dadaelis Bzantium Kokkinos Pethi

BEST OF OPPOSITE: GCh. Hillside's Alabama Of Lightspeed

BREEDERS' SWEEPSTAKES

DOGS

1st: 201 LIGHTSPEED CAPRICORN'S THE ONE

Owners: Susan and Donald Mitchell This fellow has a lovely well set front assembly.

This fellow has a lovely well set front assembly. All parts flow together, although I would prefer to see him standing more under himself. He was true coming and going. He won his placement as he really drove himself forward with his rear - again to be appreciated in the a running hound.

2nd: 216 KRIMZYN KUMAMIA KAREEM MALAD AT LAHHABEH

Owners: Deborah Dillman and Kathleen Jones

This fellow presents a moderate and balanced picture, again all parts in harmony. True coming and going but could use more rear drive in his side gait.

BITCHES

1st: 206 KUSHIEL'S FREESPIRIT REIGN OF FIRE

Owners: Erika Parton, Brittany Parton, Garrison Rose and Michelle Parton

This pretty young puppy exudes type for me. All parts flow together and are balanced. She is true coming and going with a light reaching but not overdone gait. I especially appreciated her strong croup and second thigh, the driving force in a running hound, and thus gave her Best in Puppy Sweeps and Best in Breeders Sweeps. Now, to watch her mature!

2nd: 219 GCH. KUSHIEL'S TO SOLACE MY HEART

Owners: Laura Studer and Erika Parton

It was very evident that this mature girl was closely related to 206 as she exhibited many of the same lovely qualities. I would have preferred just a tad stronger loin, more croup and second thigh, both of which would have pulled her together.

BEST IN SWEEPS: Kushiel's Freespirit Reign Of Fire

Thank you for inviting me to judge the Sweepstakes classes.

Cathie Hays

REGULAR CLASSES

CANADIAN BRED DOG

1st: 200 KHAMISIN'S STERLING STETSON. AS533748

03-Sep-13. Breeders: Susan L. Konopa. Ch. Karnak Reign's Hero Leonidas, FCh. ex Ch. Khamsin's Vashti El Marrakech, FChX. Canada. Owner: Nancy Kovall.

*A silver grizzle dog with a nice back line but a bit high on the leg for me, good depth of chest carried back to a good cut up. Front end too upright lacking angulation in upper arm and shoulder, Rear end has a good bend of stifle and low set hocks. **Best Canadian Bred***

BRED BY EXHIBITOR DOG

1st: 1201 LIGHTSPEED CAPRICORN'S THE ONE. CA590568

5-Jan-15. Breeders: Susan and Donald Mitchell. Dabka's Italy ex GCh. Hillside's Alabama Of Lightspeed. Canada. Owners: Susan and Donald Mitchell.

*This light gold dog is a nice overall type with good substance. Excellent front end with correct angulation, good depth of chest, spring of rib and arch over loin. I liked the good strong quarters, bend of stifle and low set hocks. **Best Bred by Exhibitor***

OPEN DOG

1st: 202 KHIVA'S SAMWISE OF ISIRAD. ERN16000752

03-Oct-12. Breeders: Deborah Satterfield, Craig Stephens and Valerie Hamilton. Shadowfax ex Khiva's Natasha Vananda. Elsewhere. Owners: Deborah Satterfield, Craig Stephens and Michelle Rowton.

A well balanced cream dog with nice top line, excellent forequarters and front with correct lay back of shoulder and angulation of upper arm. Correct angle of pelvis with nice bend of stifle and low set hocks. Moved well and nicely presented.

2nd: 203 DENALI'S YUKON GOLD. Listed

28-Jan-13. Breeders: Jane Worthington, Mark Driggers, Michelle Crowhurst and Marisa Crowhurst. Ruwach's Levi Strauss ex Denali's Arctic Fox. Elsewhere. Owner: Susan Manthou and Marilyn Labrache Brown.

An upstanding red grizzle smooth dog in excellent condition, would have preferred a little less length of neck to give more balance. Good depth of chest carried back with good cut up and spring of rib. Moved well.

WINNERS DOG: Khiva's Samwise Of Isirad RESERVE WINNERS DOG: Lightspeed Capricorn's The One

7-10 YEARS VETERAN DOG

1st: 204 DADAEELIS BZANTIUM KOKKINOS PETHI.

ERN10000232 26-Jun-09. Breeders: Marilyn Brown and Susan Manthou. Ch. Dadaelis Bzantium Ritu Kumar ex Dadaelis Zoe. Elsewhere. Owners: Kathleen Jones, Marilyn Brown and Kathleen Jones.

A good upstanding smooth chocolate (black and tan), just into veteran and in superb condition. A good front if a little upright, nice top line with good depth to chest and nice strong quarters, moved well.

2nd: 205 DADAEELIS T'CAI JUUSO WUSHK SAMR. 1100185

04-Nov-07. Breeders: Marilyn LaBrache Brown and Heather Ayre. Dadaelis Cairo ex Dadaelis Tirzah. Elsewhere. Owner: Deborah Dillman.

A smooth black and tan in good condition for his age. Good top line with correct front angulation of leg, upper arm and shoulder blade. Good depth of chest. Correct angle of pelvis and nice bend of stifle.

JUNIOR PUPPY BITCH

1st: 206 KUSHIEL'S FREESPIRIT REIGN OF FIRE. Listed

13-Feb-16. Breeders: Erika Parton, Michelle Parton and Mary White. Gemini Phaeton Herb Diener ex Freespirits Almost Midnight at Kushiel. Elsewhere. Owners: Erika Parton, Brittany Parton, Garrison Rose and Michelle Parton.

A promising six month old pale gold girl with plenty of substance to grow into. Good head and eye, good top line for her age, Front a bit narrow but this will develop as she matures. She has good strong quarters, bend of stifle and low set hocks. I would expect her to do well in the future.

OPEN BITCH

1st: 210 BRYN'M JANNA ROSE. BJ562796

23-May-14. Breeders: Catherine M. Hays and Janet Phelps. Ch. Iroki Black Tie Affair, FCh. ex Ch. Faridaat Bryn'm Caramel Fudge, FCh. Canada. Owner: Catherine Williams. Agent: Heidi Gervais.

As I walked down the line this black fringed red bitch caught my eye, she was my type of saluki and not until I looked at the catalogue did I realize that she was a sister to my own Wild Rose. She has a lovely typical saluki head, excellent top line with good strong quarters but a bit straight in front. Moved with light flowing movement, could have done with a bit more flesh on her.

12-18 MONTH BITCH

1st: 207 CANAPUS IMPERIA. ERN16000373

19-Aug-15. Breeder: Felix Van Der Drift. Canapus Shamal ex Canapus Awn Rosemary. Elsewhere. Owner: Jones Kathleen.

A pretty gold year old bitch of finer type. A nice feminine head with a good eye. She has a good front but I would like to have seen more substance to her neck to balance with the rest of the body. Lovely depth of chest carried back to good tuck up and strong quarters. Moved well.

2nd: 209 PARI-WAS RAFEE'AH. 1111614

12-Dec-09. Breeder: Dagmar Bischoff. AniJericho Hadi el Basher ex Wallaby's Xeer Wi-Asir. Elsewhere. Owner: Shelley Work.

This chocolate bitch was well balanced, had a nice head, set on a good strong neck that blended well into the withers. Good shoulder angulation, nice top line and good strong quarters. I would have liked to have seen a bit more depth of chest to give her more balance.

3rd: 211 DADAEELIS NA'LO ZA'FARN ASIA AT LAHHABEH.

1129157 04-Aug-14. Breeder: Marilyn Labrache Brown. Dadaelis Monab Apollo ex Dadaelis Bzantium Zo'mar Nadirah. Elsewhere. Owners: Deborah Dillman and Marilyn Labrache Brown.

This red grizzle bitch had a lot of quality and certainly looked fit for purpose, being well muscled without being coarse. A nice head and expression, good front angulation with a nice deep chest. Good arch over loin and strong quarters. Moved true but not as good as 1st.

10 YEARS AND OVER VETERAN BITCH

1st: 212 IROKI SUZANNE. RN044180

23-Jul-05. Breeder: Roberta Pattison. Abaqero TSH Beretta ex Ch. Iroki Faridaat Fictitious. Canada. Owner: Roberta Pattison.

A black and white tan 11 year old in good condition for her age. Attractive bitch head good neck and top line and with good depth of brisket although too straight in the shoulder for my liking. Good curve of bend of stifle and with good low set hocks.

208 BAGHDAD DEICONSORTI DÉJÀ VU. 1131108

Moved 25-Dec-11. Breeders: Paula Bockman-Chato and Margot Keast. Baghdad Arabian Specials Night ex Baghdad The Power O Me E.T. Elsewhere. Owner: Daria Coneghan.

WINNERS BITCH: Canapus Imperia

RESERVE WINNERS BITCH: Bryn'M Janna Rose

FIELD BITCH

1st: 213 CH. IROKI ZARKAVA, FCH. UW274079

17-Nov-08. Breeder: Roberta Pattison. Iroki Taos ex Ch. Iroki Dancethruthedawn. Canada. Owner: Roberta Pattison.

A golden veteran girl, good alert expression, good top line with a nice deep chest with good cut up but her straight front does her no favours. I liked her good strong rear end.

SPECIALS ONLY

abs 214 CH. AULDSTANE CUNOBELIN. Dog.

UG225674 22-Apr-08. Breeder: Janet L. Buchanan. Ch. Iroki Auldstane 'Allelujah ex Ch. Auldstane Appalacha Tomazina. Canada. Owner: Janet L. Buchanan.

215 CH. IMPALA LADIES LOVE OUTLAWS. Dog.

ERN12000959 15-Sep-11. Breeder: Lois-Ann Snyder. Ch. Z'Bee's Che Bellina Dante ex Ch. Impala Habañero. Elsewhere. Owners: Lois-Ann Snyder and Deric A. Aubes

216 CH. RIMZYN KUMAMIA KAREEM MALAD AT LAHHABEH. Dog. 1129615. 31-Dec-14. Breeders: Kathleen Jones and Claire Lane. Ch. Dadaelis Bzantium Kokkinos Pethi ex Shamali Irdeh Al Hawah Bint Gazila. Elsewhere. Owners: Deborah Dillman and Kathleen Jones.

217 CH. SIRHAN KAREEM CAIRO. Dog.

YY451175 12-Dec-11. Breeders: Brian and Deirdre H. Laurie-Beaumont and Randy and Starr M. White. GChEx. Windstorm Padtheway Vagabond, CGN ex GChEx. Windstorm Taliah El Sirhan, CGN, RN. Canada. Owners: James and Priscilla McLeod and Deirdre H. Laurie-Beaumont.

218 GCH. HILLSIDE'S ALABAMA OF LIGHTSPEED. Bitch.

1092769 21-Mar-06. Breeder: Vikki McDonald. Karista's Believe It Or Not ex Al Khabara Badaya Of Hillside. Elsewhere. Owners: Susan and Donald Mitchell.

219 GCH. KUSHIEL'S TO SOLACE MY HEART. Bitch.

ERN14000119 15-Dec-12. Breeders: Erika Parton, Michelle Parton and Brittany Parton. GCh. Freespirits As You Like It ex Ch. Dadaelis Kushiel's Chosen of T'Cai. Elsewhere. Owners: Laura Studer and Erika Parton.

220 CH. RED HAWK'S QADIRA WAFIQA. Bitch. 1124185

28-Jul-13. Breeder: Marita Aaras. Seafarer Yazd ex Red Hawk's Anneesa Rafa. Elsewhere. Owners: Deborah Dillman and Marilyn Labrache Brown.

Best Canadian Bred: Khamsin's Sterling Stetson

THE WINNERS

BEST OF BREED: Khiva's Samwise Of Isirad

BEST OF OPPOSITE SEX: Ch. Red Hawk's Qadira Wafi qa

Pretty black fringed fawn with good top line with correct arch over loin, good depth of chest with nice tuck up. Good strong quarters with good bend of stifle and low set hocks.

BEST OF WINNERS: Khiva's Samwise Of Isirad

SELECT DOG: Ch. Impala Ladies Love Outlaws

He is a good well balanced strong black and tan with a good well angulated front, nice deep chest and good topline with good quarters to match. He moved well.

Select Dog: Ch. Impala Ladies Love Outlaws

SELECT BITCH: CH. Baghdad Deiconsorti Déjà Vu

A black and tan with a good balanced body but a little too straight in the front for me, Good depth of chest and with a nice tuck up with good strong quarters, correct bend of stifle and low set hocks.

AWARD OF MERIT: GCH. Hillside's Alabama Of Lightspeed

10 year old cream lady in good condition and a perfectly balanced hound. If you look up what the word 'symmetry' means in the breed standard she has it to perfection, every part of her is in the right proportion. A nice front with a good strong neck blending into a good topline, nice arch over lion and good strong quarters, good bend of stifle.

BEST PUPPY: Kushiel's Freespirit Reign Of Fire

BEST VETERAN: Dadaelis Bzantium Kokkinos Pethi

BEST BRED BY: Lightspeed Capricorn's The One

BEST CANADIAN BRED: Khamsin's Sterling Stetson

BEST FIELD DOG: Ch. Iroki Zarkava, FCh.

ALTERED DOG

1st: 221 DADAEELIS AZ'AI NYREN SUKA YAKONE.

110683009-Jan-09. Breeders: Roberta Oliviero and Marilyn LaBrache Brown. Denali's Kenai Fjords ex Dadaelis Azali Farouk. Elsewhere. Owner: Deborah Dillman.

I thought this was a nice black fringed red dog and for a veteran he was looking good, has a nice dog head, good neck and shoulders with strong quarters. If there had been a class for best movement he would have won.

BEST OF BREED: (ALT) Dadaelis Az'ai Nyren Suka Yakone

The show ended with Junior Showmanship. These girls braved the cold and rain to show their Salukis.

OÛR SALUKIS, OTTAWA

EVERY DAY AT OÛR

Salukis in Ottawa is a fun day; we see our wee young ZENOVIA's muzzle being nudged down by her uncle GORDHAN-ji in an attempt to stop her from tugging at her ever so patient and loving daddy LEO's ear!

Nice gesture GORDIE, but NOVA's just trying her hand at hairdressing, lol. There go those lovely feathers!

From top to bottom, these are my happy Salukis:

LEO KARNAK REIGN'S HERO LEONIDAS,
GORDIE FARIDAAT GORDHAN-ji OF OÛR,
ZENOVIA JOHNNY'S OVER THE MUNA OF OÛR.

ZENOVIA a.k.a. NOVA

OÜR Salukis, ottawa

OÜR SALUKIS

2016 was a fun year for all of us, and LEO and his daughter NOVA were in the ribbons each day at the second annual, four day long Saluki Summer Splash Specialties in Windsor Locks, CT, USA.

On the fourth day, LEO was in for Best Of Breed, *WTG BEANIE!!!*

This year was our very first year competing in the American Kennel Club conformation shows, and I'll admit that although it's a little confusing at first to a newcomer, every competitor that I met was very helpful and many friends were made and many happy conversations littered the hours of each day.

It was nice meeting Susie Konopa again and LEO's daughters out of her VASHTI, CAPRICE and SOLEIL who were doing very very well at these shows. By the way, not only was SOLIEL doing well in conformation, she was Canada's #1 Lure Coursing Saluki last year as well as being Canada's #6 All Breeds Lure coursing Saluki!

We didn't show in 2016 other than at the Saluki Splash and LEO, GORDIE, and NOVA didn't mind at all. See you around!

The Saluki Health Federation

The Saluki Health Federation is a global, not-for-profit, Saluki health organization, established to promote the health of the breed now, and in the future, by supporting scientific research to provide DNA tests for hereditary diseases afflicting our breed. Until now there has been no unified voice within the breed fancy to drive a commitment to the development of such tests. The Federation aims to be that unifying force, bringing clubs together to initiate research for the future health of our breed.

After careful review, the Federation has selected The Animal Health Trust (AHT) to archive Saluki DNA and undertake research to develop genetic tests. AHT (<http://www.aht.org.uk>) is a veterinary charity, located in the UK and supported by the Kennel Club. The AHT Canine Genetics department is an established organization researching mutations responsible for hereditary conditions and developing robust, breed specific diagnostic tests. They share expertise and data with the University of Helsinki and the University of California at Davis on a project by project basis. AHT is not tied into existing funding priorities and can work directly with the Federation, as well as breed clubs, to prioritize the most urgent breed specific tests.

As a charitable organization AHT receives funding from the Kennel Club and other institutional sources but also depends on donations from owners and clubs to augment funding of breed-specific research. The development of a single test can cost from \$15,000-\$30,000. The Federation has secured an agreement with the AHT that monetary donations, made through the donations page of their website, can be specifically designated to Saluki research so that monies go directly to our breed and are not diverted to general canine research.

The identification of disease mutations and development of genetic tests require DNA from both healthy and diseased individuals, as well as funding to undertake research. The Federation aims to encourage clubs to promote the collection of DNA samples and help raise the necessary research funds. We will aid in providing DNA test kits at nominal cost where they are not currently available

and can suggest how to generate both DNA collections and monetary donations.

Through the Federation website, which is still under construction, we will provide information and updates about current research into hereditary disease in Salukis. We also hope to offer advice to clubs from geneticists on best breeding practice with regard to dogs known to be carriers, or related to carriers, of inherited disease.

We call upon your Club to support our initiative, not just financially, but by developing an on-going strategy to encourage your members to collect and submit DNA samples, if you do not do so already. Please let your members know that this is an important task for all Saluki owners, not just those who attend organized events with their hounds. We encourage every Club to make Saluki breed health a priority, and to work together with other Clubs, at home and abroad, to promote the necessary research to help secure our breed's well-being.

Your Saluki Health Federation Representative is Roberta Parish, who liaises directly with our central administrators. Please reply directly to her to provide details of your Club's current practices so we can learn about what efforts, if any, your Club has in place to promote DNA collection, who coordinates that effort, and where the DNA is sent. If your Club does not currently contribute to a Saluki health program or promote DNA collection, please let her know that too.

What is a Gene Mutation and How do Mutations Occur?

A gene mutation is a permanent alteration in the DNA sequence that makes up a gene, such that the sequence differs from what is found in most people (**or in our case Salukis*). Mutations range in size; they can affect anywhere from a single DNA building block (base pair) to a large segment of a chromosome that includes multiple genes.

Gene mutations can be classified in two major ways:

Hereditary mutations are inherited from a parent and are present throughout a person's life in virtually every cell in the body. These mutations are also called germline mutations because they are present in the parent's egg or sperm cells, which are also called germ cells. When an egg and a sperm cell unite, the resulting fertilized egg cell receives DNA from both parents. If this DNA has a mutation, the child that grows from the fertilized egg will have the mutation in each of his or her cells.

Acquired (or somatic) mutations occur at some time during a person's life and are present only in certain cells, not in every cell in the body. These changes can be caused by environmental factors such as ultraviolet radiation from the sun, or can occur if an error is made as DNA copies itself during cell division. Acquired mutations in somatic cells (cells other than sperm and egg cells) cannot be passed to the next generation.

Genetic changes that are described as de novo (new) mutations can be either hereditary or somatic. In some cases, the mutation occurs in a person's egg or sperm cell but is not present in any of the person's other cells. In other cases, the mutation

occurs in the fertilized egg shortly after the egg and sperm cells unite. (It is often impossible to tell exactly when a de novo mutation happened.) As the fertilized egg divides, each resulting cell in the growing embryo will have the mutation. De novo mutations may explain genetic disorders in which an affected child has a mutation in every cell in the body but the parents do not, and there is no family history of the disorder.

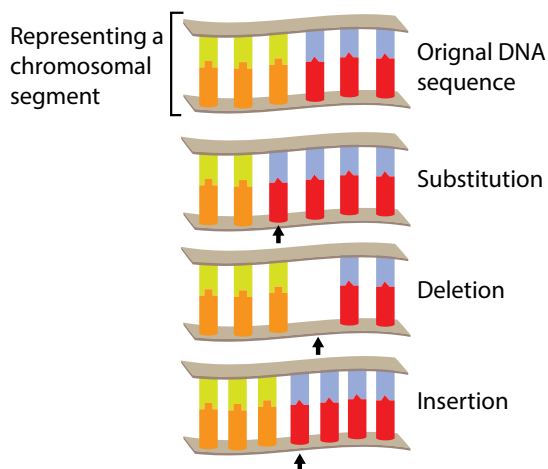

Somatic mutations that happen in a single cell early in embryonic development can lead to a situation called mosaicism. These genetic changes are not present in a parent's egg or sperm cells, or in the fertilized egg, but happen a bit later when the embryo includes several cells. As all the cells divide during growth and development, cells that arise from the cell with the altered gene will have the mutation, while other cells will not. Depending on the mutation and how many cells are affected, mosaicism may or may not cause health problems.

Most disease-causing gene mutations are uncommon in the general population. However, other genetic changes occur more frequently. Genetic alterations that occur in more than 1 percent of the population are called polymorphisms. They are common enough to be considered a normal variation in the DNA. Polymorphisms are responsible for many of the normal differences between people such as eye color, hair color, and blood type. Although many polymorphisms have no negative effects on a person's health, some of these variations may influence the risk of developing certain disorders.

<https://ghr.nlm.nih.gov/primer/mutationsand-disorders/genemutation>

Do all gene mutations affect health and development?

See <https://ghr.nlm.nih.gov/primer/mutationsanddisorders/neutralmutations>

The DNA sequence of a gene can be altered in a number of ways. Gene mutations have varying effects on health, depending on where they occur and whether they alter the function of essential proteins. The types of mutations include: missense mutation, nonsense mutation, insertion, deletion, duplication, frameshift mutation, repeat expansion. <https://ghr.nlm.nih.gov/primer/mutationsanddisorders/possiblemutations>

*Mackson's Cheran
of Urray*

*Warm Valley's Niki
of Macksons*

Pascha of St. Just

TIMELINE

HISTORY OF THE SALUKI IN CANADA

1939. First Salukis in the CKC studbook. Mrs. Gilbert Bagnani of Port Hope, Ontario imports from the UK a fawn bitch, **Nablous Mish-Mish**, born May 5, 1937, and a fawn dog, **Mazuri Adonis**, born July 28, 1936.

1945. First Canadian Saluki litter. **Mazuri Adonis** and **Nablous Mish-Mish** are the parents, Mrs. Bagnani the breeder. This litter includes the influential **Mazuri el Gharb**.

1946. First Canadian Champion. **Ch. Diamond Hill Hadji**, owned by Audrey (Hollis) Benbow.

1947. First Canadian-bred Champion. **Ch. Tamar el Sirhan** (Ch. Diamond Hill Hadji x Mazuri el Gharb), owned and bred by Audrey (Hollis) Benbow, is from the first **el Sirhan** litter, born in 1946. A litter sister, **Kaaba el Sirhan**, is bred from, and her name lives on in modern American pedigrees.

1948. The second el Sirhan litter. Born in the United States but bred by Canadian Audrey (Hollis) Benbow from **Ch. Diamond Hill Akbar Malik** x **Mazuri el Gharb**, it includes **Sharifah el Sirhan**, foundation bitch of the Jen Araby Salukis.

1951. Intl. and Dutch Champion **Mazuri Orno** and **Karuma el Saraje** imported from Europe by Rudi Eleus of Montreal. These two produce **Elsalaf Vedette**, owned by the Kuglers of Montreal, influential in many Canadian and American pedigrees.

1956. **Ch. Ayesha Farouk of Pine Paddocks** and **Ch. Aziza Farouk of Pine Paddocks** imported from the U.S. by Ruth (Coates) Kolenoff of Toronto. Mrs. Kolenoff also imports **Ch. Sakkara Arabesque** and **Baytor Beda** from England, and these four dogs are the foundation of her influential **Kesari Salukis**.

1958. First and second Kesari litters. By Arabesque x Aziza, the first includes the well-known show dog **Ch. Kesari Asad Gamyl** and **Ch. Kesari Anitra Zaryf**, whose names feature prominently in many current North American Saluki pedigrees. The second, by Arabesque out of Ayesha, includes **Am. Ch. Kesari Baga Latyf**, owned by Cynthia

(Madison) Boissevain and **Kesari Bennaya Belatyn**, foundation bitch of Tom Alker's El Nuri Salukis.

1962. Saluki Club of Canada formed. A group of southern Ontario Saluki fanciers, led by Ruth Kolenoff, get together to form the Saluki Club of Canada.

1962. **Sumeru's Lockni Yani Mackson's** (Warm Valley's Beloved Infidel x Ch. Sumeru's Ki Khala) born. A granddaughter of Elsalaf Vedette, she produces four litters to Ch. Warm Valley's Niki of Mackson's which include many influential Salukis on both sides of the border. **Am. Can. Mackson's Mirzanna of Urray** and **Mackson's Mir-annah of Urray** provide part of the foundation for Richard and Barbara Webster's **Urray** Salukis on the west coast, while **Ch. Mackson's Cheran of Urray** brings Margaret and Ngaire Coe into the breed. **Mackson's Bini de la Fontaine** is a foundation bitch for Joanne Swadron's Ananda Salukis in Ontario.

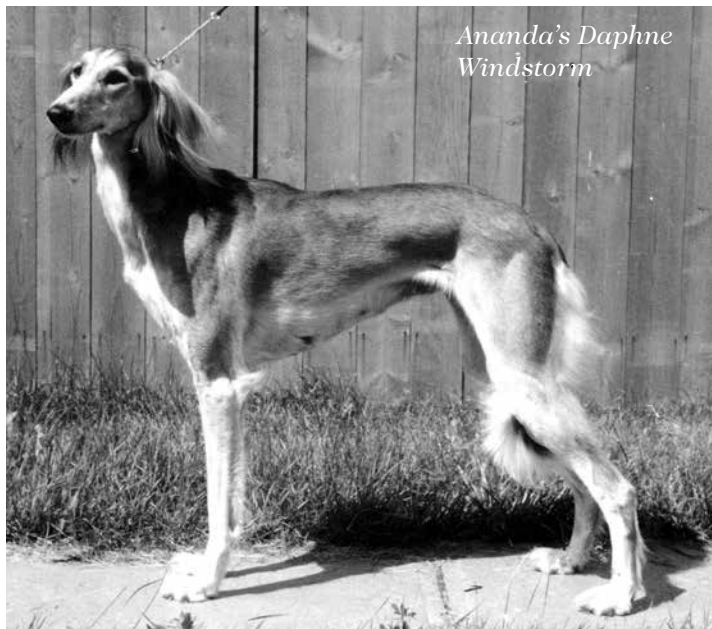

1963. Final Kesari litter. When the kennel is disbanded due to Mrs. Kolenoff's ill health, Baytor Beda goes to Bill and Esta Eltiste's Billa de Esta Salukis in Nevada, where he becomes an extremely influential sire.

1965. First Best in Show win by a Saluki in Canada. Elmer Grieve's **Ch. Kesari Sahari Saiyad** (Baytor Beda x Ch. Kesari Anitra Zaryf) wins back to back Best in Show awards only days before his tragic accidental death. His name lives on in many modern pedigrees.

1966. First Urray litter. Mirzanna and Mir-annah are the parents. Other foundation Salukis for the Websters' Urrays include **Burydown Saladin**, **Ch. Abu's Krishna of Srinagar**, **Ch. Urray Sita of Srinagar** and **Jarry's Tsena of Urray**. The Websters are co-breeders (with Srinagar) of several American-bred litters which include such notables as **Am. Ch. Srinagar Brahma of Urray** (Brahma II), while their top-winning Canadian-bred is the famous **Ch. Urray Cheheli**. **Urray Charis** becomes a foundation bitch for Joanne Swadron's Ananda Salukis. The last Urray litter is born in 1978.

1967. **Ch. Sarif Karim** Winners Dog at Santa Barbara. Karim, by Ch. Kesari Sadid Mezrar x Kesari Um Sadafa, bred by Tom Alker, is owned by Bill and Veen Frewin. His name appears in current pedigrees.

CANADIAN CHAMPIONS IN THE 1970s

*Ananda's Daphne
Windstorm*

*Mariah's Winged
Pharoah*

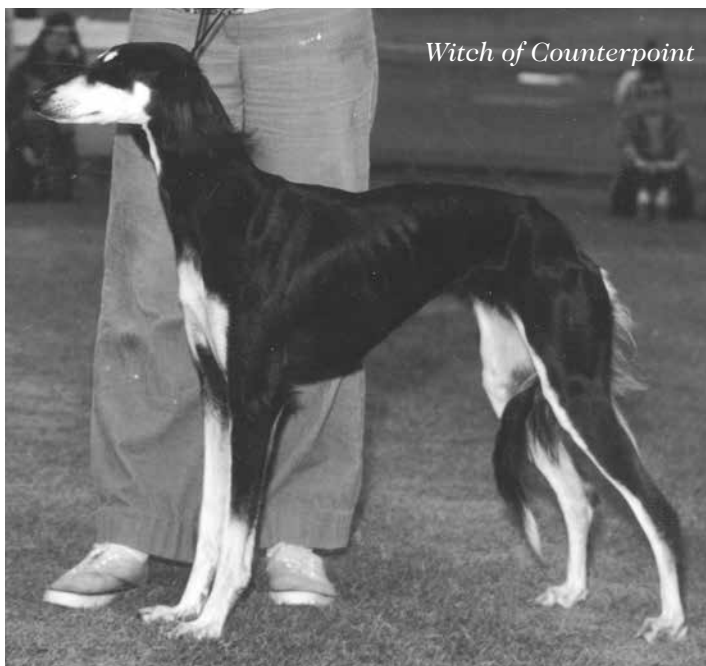

Hilerica V'al Fahdah

*Elana Enchanted
el Metchosen*

Urray Charis

Witch of Counterpoint

1968. First *Counterpoint* litter. The Counterpoints, bred by John and Lynn Ross, begin with a litter by Elmer Grieve's Best in Show winning Am. Can. Ch. Mazuri Pasjaa Billa de Esta out of Ch. El Shiraz Shebara. In 1971, the Rosses import **Am. Can. Almanza Gwasmiyah CD**, who goes on to become an influential sire. Counterpoint Salukis play an important role in the foundation of several modern Saluki kennels. The last Counterpoint litter is born in 1983.

1973. First Saluki Club of Canada specialty. The winner is Wil Petrie's **Am. Can. Ch. Srinagar Anubis al Talat**, American-bred but Canadian owned.

1974. **Sedeki Fisa** and **Sedeki Fenjan** imported. Fisa is the foundation for Janice Preiss's **Azad Salukis** and Bob Boxma's Fenjan is an excellent show dog and sire.

1975. First Elana litter. Nell Hyde's **Elana Salukis**, most going back to Nell's famous **Am. Can. Bda. Ch. Omegas Vallauris of Elana**, are behind many of today's Salukis around the world. The Elanas excel not only in the show ring but on the lure coursing field.

1977. First Canadian-bred winner of a Saluki Club of Canada Specialty, **Can. Am. Bda. Ch. Karimah's Pluto of Afking** (Ch. Crown Crest Allah's Comet x Ch. Ananda's Llasa). Pluto is a highly successful show dog and a Best in Show winner.

1978. Canada's first smooth champion, **Ch. Bel S'Mbran Raki Racim**. Racim is owned by top junior handler David Ritson-Bennett.

1978. First *Windstorm* litter. Yes, they've been around that long. In terms of show ring accomplishments by Canadian-bred Salukis, in Canada and around the world, nothing tops Randy and Starr White's Windstorms. The list of their Best in Show and Best in Specialty winners is a long one, and includes such notables as **Can. Am. Ch. Windstorm Luck Be An Lady**, **Can. Am. Ch. Windstorm Ruffled One**, and **Can. Am. Ch. Windstorm Shalom Cabaret**.

1979. **Can. Am. Ch. Burydown Ismahane** imported. She has notable wins at both Canadian and American specialties and is the foundation bitch for Margaret and Ngairé Coe's **Ismahan Salukis**. She produces one of the foundation bitches for Lesley Brabyn's **Timaru** Salukis, **Can. Am. Ch. Ismahan Amaranthe CD**.

1980 to present. Best in Show wins for Salukis an almost regular occurrence. For the past 30 years Salukis have often been featured at or near the top of not only hound group but all breed rankings. **Can. Am. Ch. Bel S'm Bran J.R.**, **Can. Am. Ch. Gazella Outlaw Titian**, the ground-breaking smooth **Can. Am. Ch. Afking Baghdad Katulnas Khalif** and **Can. Am. Auldstane Sardonyx**, to name just four among many, are among the first to scale the heights.

1982. **Ch. Classicus Cato** imported. Cato becomes a foundation dog for Lin Hawkyard's **Lorrequer Salukis** and sires other important litters.

1989. Hope Waters's arrival in Canada. The legendary British Saluki breeder leaves Britain for the Okanagan, bringing with her several of the famous Burydown Salukis.

1992. Saluki Club of Canada 30 years old. Celebrations include the largest Saluki specialty ever held in Canada.

1997. First Canadian Burydown litter. A singleton smooth puppy, **Ch. Burydown Hilerica Ulahni**, is born to Ch. Shelby Abadiyah of Burydown. The sire is Ch. Elana Mubarak. Lahni goes on to take big specialty wins on both sides of the border and to produce subsequent Canadian Burydown litters.

1999. Big Canadian wins at several American specialties. Solidifying a trend started with Ch. Sarif Karim way back in 1967 and continuing through the eighties and nineties, Canadian Salukis sweep up significant wins at specialties from the National in Kentucky to Michigan and west to Washington. Jan Buchanan and Karen Doyle's **Can. Am. Ch. Gazella Auldstane Affirmed** is Winners dog at both the SCOA National and Huron Valley specialties, Ulahni is Best of Winners at Puget Sound, and the Whites' Lucky is Best of Breed at Huron Valley, with her daughter, Can. Am. Ch. Windstorm One Lucky Lady, Best of Winners.

2000. Ch. Burydown Hilerica Ulahni Best of Winners and Best of Opposite Sex at the SCOA National. Lahni finishes up the year winning the first SCOC National.

2004. Canadian sweep in Kentucky. Canadian owned (though American bred) **Can. Am. Ch. Srinagar Asawari**, owned by Karl and Kathryn Letonja and Afton Blake, is Best of Breed, **Am. Can. Ch. Windstorm A Sandchris Rhapsody**, owned by Sandra and Larry Gahan and the

Whites, is Best of Opposite Sex. They repeat their wins at the Canadian National in Calgary later that summer.

2005. The Classic Saluki features Canadian Salukis. Now the world knows about the enormous influence Canadian breeders have had on the breed across North America.

2006 to present. Over the last 10 years the Canadian Saluki has moved from strength to strength. The big show wins continue to be recorded. Perhaps even more significant, the list of Canadian Salukis exported to countries around

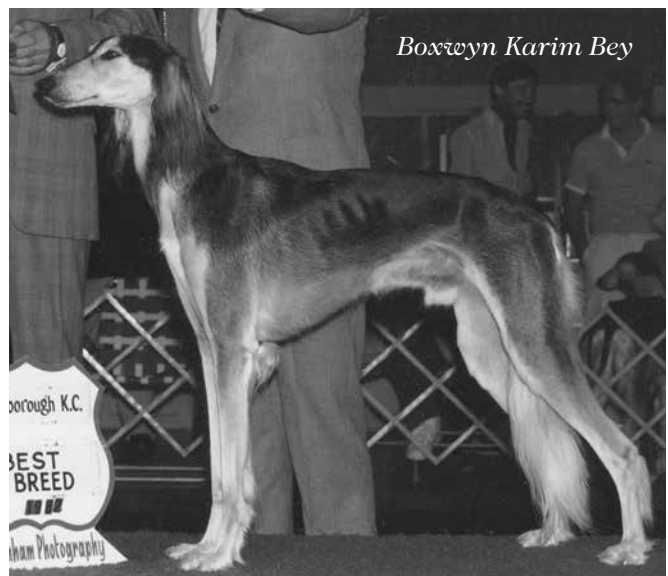

the world is rapidly expanding. These hounds are winning in the show ring and on the field and are being incorporated into the breeding programs of some the best known and best respected international Saluki breeders—in Australia, South Africa, and across Europe.

Though our numbers are small, with just a handful of litters bred every year, the quality continues to be great. But those of you who are reading this are the ones writing the story now, and you don't need me to tell you how it goes.

Classicus Cato

Boxwyn Karim Bey

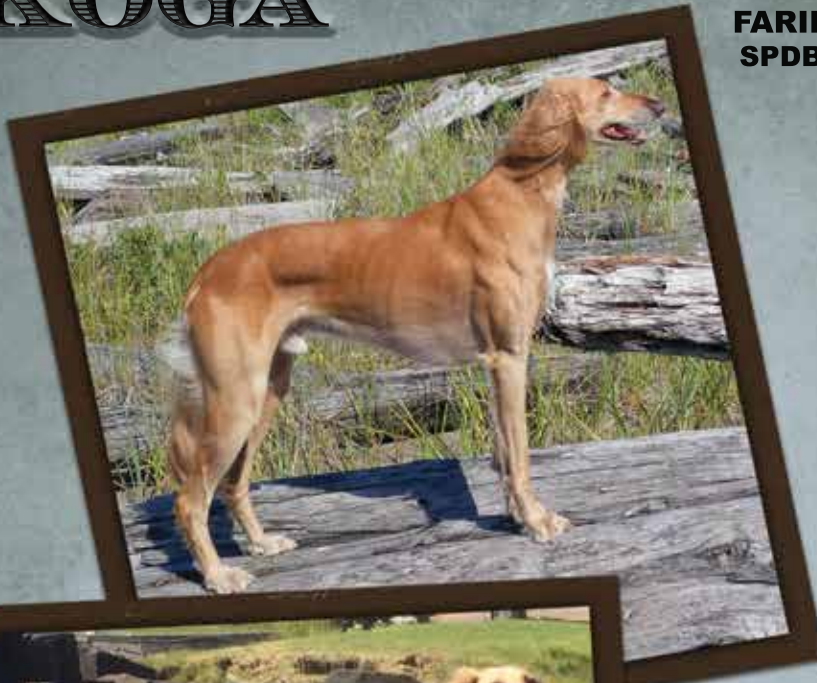

Sufeina Silk Stream

Lorrequer Semiramis

KOGA

FARIDAAT EO DASH INCREDIBLE SPDBS GEN3, AKC/CKC Registered

Koga is a wonderful family dog, whose favourite activities include hiking in summer and ski-joring in winter, sometimes teaming up with another dog for twice the fun! Off-leash time is Koga's favourite time of day, and it's a beautiful thing to see him all stretched out and airborne, sailing through the brush. As much as he likes to run, he also has a calm disposition, and will happily nap until once again he is called to duty.

Koga fancies himself a watchdog too, alerting us to arrivals at the house and dogs on walk-about in the "back forty," as well as warding off bears scouting for things to eat in the neighbourhood.

Koga and his siblings are a unique blend of Saudi and Turkish desert lineage coupled with western coursing/show lines. Koga is the first "desert bred" to be registered with the Canadian Kennel Club through the SPDBS critique process.

This handsome boy has participated in a few shows in Canada, but spends most of his time exploring the great outdoors!

It was so hard to say goodbye. I miss this boy beyond belief!

Jan Phelps

And Then Promise. *Connor*

Haefen Jubilant Connor
born June 16, 2016

This energetic little guy has reminded us what life with a puppy is all about. He loves to play, run, chase the squirrels outside or the cat inside, and generally cause havoc. He learned how to sail and trot around the show ring. He loves playdates with his canine friends.

Pacific Saluki Club of BC

5th Annual Specialty Show, Saturday, April 14, 2018, Chilliwack, BC

With Aristocrat Hound Association, Renaissance Dog Association and Auld Lange Syne Dog Association

Win this beautiful 14 point needlepoint Saluki head. Artist Juanita Spragg spent over a year crafting this exquisite depiction of a Saluki. It is professionally matted and framed and will be offered through an online raffle beginning Jan.1, 2018 and running until the show date of April 14.

For more information, contact Debby Dillman at PacificSalukiClubofBC@gmail.com

For Premium List and Show Entry Information go to classicshowservices.ca

INFORMATION PLEASE

If you're looking for information about the breed in general, the place to start is with the country's Saluki breed clubs. In Canada we have two, the Saluki Club of Canada and the Pacific Saluki Club of BC. Patty Milton, Secretary Treasurer, **Saluki Club of Canada**. Contact Patty at k94milton@gmail.com or if you prefer, visit the Club website www.salukicanada.com. Susan Mitchell, President, **Pacific Saluki Club of BC**. Contact Susan at osusanna@lightspeed.com.

If you're interested in pedigrees, **The Saluki Archives** is an excellent resource. Anyone can access the site, but if you want to add information or pictures (or correct any errors you might come across) you can also register (it's free). <http://www.thesalukiarchives.com/>.

For most of us, our Salukis are first and foremost treasured pets, but we also like to show off their beauty in the show ring, or celebrate their athleticism on the lure coursing field. But why stop there? Salukis have competed successfully in obedience, rally and agility, and that's just the tip of the iceberg. There's also oval track racing, chase ability, scent hurdling, tracking, flyball, barn hunt—the list is almost endless, and every year new sports are added to the roster. While not all of them play directly to the Saluki's particular range of specialized talents, Salukis and their owners can not only successfully compete but have a good time too.

If you're looking to find what's going on near you, check the CKC website: <https://www.ckc.ca/>. The **Canadian Kennel Club** offers shows and most canine performance events, though it's not the only game in town.

Another good source of information is **CanuckDogs**: <http://www.canuckdogs.com/>. One advantage to CanuckDogs is that its listings are not restricted to official CKC events, and it also includes seminars and health clinics.
